PROXY STATEMENT

You are cordially invited to attend our annual meeting on Monday, August 15, 2005, beginning at 9:00 a.m., Mountain Standard Time. The annual meeting will be held at our Chandler facility located at 2355 West Chandler Boulevard, Chandler, Arizona 85224.

We are providing these proxy materials in connection with the solicitation by the Board of Directors of Microchip Technology Incorporated of proxies to be voted at Microchip's 2005 annual meeting of stockholders and at any adjournment(s) thereof.

Our fiscal year begins on April 1 and ends on March 31. References in this proxy statement to fiscal 2005 refer to the 12-month period from April 1, 2004 through March 31, 2005, and references to fiscal 2004 refer to the 12-month period from April 1, 2003 through March 31, 2004.

On June 16, 2005, the closing price of a share of our common stock as reported by The NASDAQ National Market[®] was \$30.43.

We anticipate first mailing this proxy statement and accompanying form of proxy on July 11, 2005 to holders of Microchip's common stock on June 16, 2005, the Record Date for the annual meeting.

PROXIES AND VOTING PROCEDURES

YOUR VOTE IS IMPORTANT. Because many stockholders cannot attend the annual meeting in person, it is necessary that a large number of stockholders be represented by proxy. Stockholders who hold their shares in "street name" may have a choice of voting over the Internet, by using a toll-free telephone number or by completing a proxy card and mailing it in the postage-paid envelope provided. Please refer to your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you. Under Delaware law, stockholders may submit proxies electronically. Please be aware that if you vote over the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible.

You can revoke your proxy at any time before it is exercised by timely delivery of a properly executed, later-dated proxy (including an Internet or telephone vote if these options are available to you) or by voting by ballot at the annual meeting.

The method by which you vote will in no way limit your right to vote at the annual meeting if you later decide to attend in person. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record, to be able to vote at the annual meeting.

All shares entitled to vote and represented by properly completed proxies received prior to the annual meeting and not revoked will be voted at the annual meeting in accordance with the instructions on such proxies. **IF YOU DO NOT INDICATE HOW YOUR SHARES SHOULD BE VOTED ON A MATTER, THE SHARES REPRESENTED BY YOUR PROPERLY COMPLETED PROXY WILL BE VOTED AS OUR BOARD OF DIRECTORS RECOMMENDS.**

If any other matters are properly presented at the annual meeting for consideration, including, among other things, consideration of a motion to adjourn the annual meeting to another time or place, the persons named as proxies and acting thereunder will have discretion to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. At the date this proxy statement went to press, we did not anticipate that any other matters would be raised at the annual meeting.

Stockholders Entitled to Vote

Stockholders of record at the close of business on the Record Date, June 16, 2005, are entitled to notice of and to vote at the annual meeting. Each share is entitled to one vote on each matter properly brought before the annual meeting. On the Record Date, there were 208,868,503 shares of our common stock issued and outstanding.

In accordance with Delaware law, a list of stockholders entitled to vote at the annual meeting will be available at the annual meeting on August 15, 2005, and for 10 days prior to the annual meeting at 2355 West Chandler Boulevard, Chandler, Arizona, between the hours of 9:00 a.m. and 4:30 p.m., Mountain Standard Time.

Required Vote

Quorum, Abstentions and Broker Non-Votes

The presence, in person or by proxy, of the holders of a majority of the shares entitled to vote at the annual meeting is necessary to constitute a quorum at the annual meeting. Abstentions and broker “non-votes” are counted as present and entitled to vote for purposes of determining a quorum. A broker “non-vote” occurs when a nominee holding shares for a beneficial owner (i.e., in “street name”) does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Under the rules of the New York Stock Exchange, which apply to NYSE member brokers trading in non-NYSE stock, brokers have discretionary authority to vote shares on certain routine matters if customer instructions are not provided. Proposals One and Two to be considered at the annual meeting may be treated as routine matters. Consequently, if you do not return a proxy card, your broker may have discretion to vote your shares on such matters.

Election of Directors

A plurality of the votes duly cast is required for the election of Directors (i.e., the five nominees receiving the greatest number of votes will be elected). Abstentions and broker “non-votes” will not affect the election of Directors.

Ratification of Accounting Firm

The affirmative vote of a majority of the votes duly cast on the proposal is required for ratification of the appointment of Ernst & Young LLP as the independent registered public accounting firm of Microchip for the fiscal year ending March 31, 2006. Abstentions and broker “non-votes” will not affect the voting on such matter.

Electronic Access to Proxy Statement and Annual Report

This proxy statement and our 2005 Annual Report are available at the Investor Relations section under Annual Reports on www.microchip.com. Our stockholders can elect to view future proxy statements and annual reports over the Internet instead of receiving paper copies in the mail.

If you are a stockholder of record, you can choose this option and save us the cost of producing and mailing these documents by marking the appropriate box on your proxy card or by calling our Investor Relations Department at 480-792-7761. If you choose to view future proxy statements and annual reports over the Internet, you will receive a proxy card in the mail next year with instructions containing the Internet address of those materials. Your choice will remain in effect until you contact our Investor Relations Department and instruct us otherwise. You do not have to elect Internet access each year.

If you hold your Microchip stock through a bank, broker or other holder of record, please refer to the information provided by that entity for instructions on how to elect to view future proxy statements and annual reports over the Internet. Most stockholders who hold their Microchip stock through a bank, broker or other holder of record and who elect electronic access will receive an e-mail message next year containing the Internet address to use to access Microchip's proxy statement and annual report.

Cost of Proxy Solicitation

Microchip will pay the cost of soliciting proxies. Proxies may be solicited on behalf of Microchip by its Directors, officers or employees in person or by telephone, facsimile or other electronic means. We may also reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses incurred in sending proxies and proxy materials to beneficial owners of Microchip common stock.

THE BOARD OF DIRECTORS

Meetings of the Board of Directors

Our Board of Directors met six times in fiscal 2005. During fiscal 2005, each Director attended at least 85% of the meetings of the Board of Directors and of the committees on which such Director served. During fiscal 2003, the Board of Directors implemented the practice of meeting in executive session on a periodic basis without management or management Directors (i.e., Mr. Sanghi) present, and continued this practice through fiscal 2005. The Board of Directors has determined that each of Messrs. Chapman, Day, Hugo-Martinez and Meyercord is an independent Director as defined by applicable SEC rules and NASDAQ listing standards.

Communications from Stockholders

Stockholders may communicate with the Board of Directors or individual members of the Board of Directors, provided that all such communication is submitted in writing to the attention of the Secretary at Microchip Technology Incorporated, 2355 West Chandler Boulevard, Chandler, Arizona 85224-6199, who will then forward such communication to the appropriate Director or Directors.

Audit Committee

The responsibilities of our Audit Committee are described in the committee charter. A copy of the Audit Committee Charter, as amended and restated through May 11, 2004, is available at the Investor Relations section under Mission Statement/Corporate Governance on www.microchip.com.

The Board has determined that all members of the Audit Committee are independent Directors as defined by applicable SEC rules and NASDAQ listing standards. The Board has also determined that each of Messrs. Chapman, Hugo-Martinez and Meyercord meet the requirements for being an “audit committee financial expert” as defined by applicable SEC rules.

In fiscal 2004, the Audit Committee adopted a policy with respect to (i) the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters; (ii) the confidential, anonymous submission by our employees of concerns regarding questionable accounting, internal accounting controls or auditing matters; and (iii) the prohibition of harassment, discrimination or retaliation arising from submitting concerns regarding questionable accounting, internal accounting controls or auditing matters or participating in an investigation regarding questionable accounting, internal accounting controls or auditing matters. This policy was created in accordance with applicable SEC rules and NASDAQ listing requirements. A copy of this policy is available at the Investor Relations section under Mission Statement/Corporate Governance on www.microchip.com.

Compensation Committee

The Compensation Committee has oversight responsibility for the compensation and benefit programs for our executive officers and other employees, including administration of our equity incentive and employee stock purchase plans. The Board has determined that all members of the Compensation Committee are independent Directors as defined by applicable SEC rules and NASDAQ listing standards. For more information on our Compensation Committee, please turn to the “*Compensation Committee Report on Executive Compensation*” at page 13, herein.

Nominating and Governance Committee

The responsibilities of our Nominating and Governance Committee are described in the committee charter which is available at the Investor Relations section under Mission Statement/Corporate Governance on

www.microchip.com. The Board has determined that all members of the Nominating and Governance Committee are independent Directors as defined by applicable SEC rules and NASDAQ listing standards.

When considering a candidate for a Director position, the Nominating and Governance Committee looks for demonstrated character, judgment, relevant business, functional and industry experience, and a high degree of skill. The Nominating and Governance Committee evaluates Director nominees recommended by a stockholder in the same manner as it would any other nominee. The Nominating and Governance Committee will consider nominees recommended by stockholders provided such recommendations are made in accordance with procedures described in this proxy statement under “Requirements, Including Deadlines, for Receipt of Stockholder Proposals for the 2006 Annual Meeting of Stockholders; Discretionary Authority to Vote on Stockholder Proposals” at page 21, herein. We do not pay any third party to identify or assist in identifying or evaluating potential nominees for Director.

Attendance at the Annual Meeting of Stockholders

All Directors are encouraged, but not required, to attend our annual meeting of stockholders. All Directors were in attendance at the 2004 annual meeting of stockholders.

REPORT OF THE AUDIT COMMITTEE

The Board of Directors has adopted a written charter setting out the purposes and responsibilities of the Audit Committee. The Board and the Audit Committee review and assess the adequacy of the charter on an annual basis. A copy of the Audit Committee Charter, as amended and restated through May 11, 2004, is available at the Investor Relations section under Mission Statement/Corporate Governance on www.microchip.com.

Each of the Directors who serves on the Audit Committee meets the independence and experience requirements of the SEC rules and NASDAQ listing standards. What this means is that the Microchip Board of Directors has determined that no member of the Audit Committee has a relationship to Microchip that may interfere with such member's independence from Microchip and its management, and that all members have the required knowledge and experience to perform their duties as committee members.

We have received from Ernst & Young LLP the written disclosure and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and have discussed with Ernst & Young LLP their independence from Microchip. We also discussed with Ernst & Young LLP all matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees). We have considered whether and determined that the provision of the non-audit services rendered to Microchip by Ernst & Young LLP during fiscal year 2005 was compatible with maintaining the independence of Ernst & Young LLP.

We have reviewed with management Microchip's audited annual financial statements included in its Annual Report on Form 10-K for the fiscal year ended March 31, 2005 and filed with the SEC, as well as the unaudited financial statements filed with Microchip's quarterly reports on Form 10-Q. We also met with both management and Ernst & Young LLP to discuss those financial statements.

Based on these reviews and discussions, we recommended to the Board of Directors that Microchip's audited financial statements be included in Microchip's Annual Report on Form 10-K for the fiscal year ended March 31, 2005 for filing with the SEC.

By the Audit Committee of the Board of Directors¹:

Matthew W. Chapman (Chairman)

Wade F. Meyercord

Albert J. Hugo-Martinez

¹ The Report of the Audit Committee is not "soliciting" material and is not deemed "filed" with the Securities and Exchange Commission, and is not incorporated by reference into any filings of Microchip under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date of this proxy statement and irrespective of any general incorporation language contained in such filings.

Director Compensation

Director Fees

In fiscal 2005, non-employee Directors received a \$15,000 annual retainer (which increased to \$20,000 on April 1, 2005) paid in quarterly installments, and \$1,900 (which increased to \$2,500 on April 1, 2005) for each meeting attended in person. Directors do not receive any compensation for telephonic meetings of the Board or for meetings of committees of the Board. Effective April 1, 2005, the Chairman of the Audit Committee also receives an annual retainer of \$3,000 paid in quarterly installments.

Equity Compensation

Under the terms of our 2004 Equity Incentive Plan, each non-employee Director is automatically granted:

- an option to purchase 12,000 shares of common stock upon his or her first election to the Board of Directors, and
- an option to purchase 6,000 shares of common stock immediately following the annual election of Directors, granted as of the first business day of the month in which the annual stockholders' meeting is held.

On August 2, 2004, each of Messrs. Chapman, Day, Hugo-Martinez and Meyercord was granted an option to acquire 6,000 shares of common stock at an exercise price of \$29.19 per share. Each such option vests in a series of 12 equal and successive monthly installments starting one month after the grant date.

Compensation Committee Interlocks and Insider Participation

In fiscal 2005, Mr. Day and Mr. Hugo-Martinez, two of our independent Directors, served on the Compensation Committee. Neither Mr. Day nor Mr. Hugo-Martinez had any related party transaction with Microchip during fiscal 2005 other than service as a Director. In addition, neither of such directors has a relationship which would constitute a compensation committee interlock under applicable SEC rules.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) and related rules under the Securities Exchange Act of 1934 require our Directors, executive officers and stockholders holding more than 10% of our common stock to file reports of holdings and transactions in Microchip stock with the SEC and to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms received by us during fiscal 2005, and written representations from our Directors and executive officers that no other reports were required, we believe that all Section 16(a) filing requirements applicable to our Directors, executive officers and stockholders holding more than 10% of our common stock with respect to fiscal 2005 were met.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors has appointed Ernst & Young LLP, independent registered public accounting firm, to audit the consolidated financial statements of Microchip for the fiscal year ending March 31, 2006. Ernst & Young LLP has audited our financial statements since the fiscal year ended March 31, 2002 and has served as our independent registered public accounting firm since June 6, 2001.

We anticipate that a representative of Ernst & Young LLP will be present at the annual meeting, will have the opportunity to make a statement if he desires and will be available to respond to appropriate questions. Stockholder ratification of the appointment of Ernst & Young LLP is not required by our Bylaws or applicable law. However, our Board of Directors determined to submit such appointment to our stockholders for ratification. In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection.

Upon the recommendation of our Audit Committee, the Board of Directors recommends that stockholders vote FOR ratification of such appointment.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ernst & Young LLP has audited our financial statements since the fiscal year ended March 31, 2002 and has served as our independent registered public accounting firm since June 6, 2001. The partner in charge of our audit will be rotated every five years. Other partners and non-partner personnel are rotated on a periodic basis.

Our Audit Committee is responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm. The Audit Committee approved Ernst & Young LLP to serve as our independent registered public accounting firm for our fiscal year ending March 31, 2006.

This category also includes advice on audit and accounting matters that arose during, or as a result of, the audit or the review of our interim financial statements, statutory audits and the assistance with review of our SEC registration statements. For fiscal 2005, this category

also includes fees associated with the audit of our internal control over financial reporting required by Section 404 of the Sarbanes-Oxley Act of 2002. The aggregate fees billed or to be billed by Ernst & Young LLP in each of the last two fiscal years for such services were \$1,094,000 for fiscal 2005 and \$505,000 for fiscal 2004.

Audit-Related Fees

Our Audit Committee pre-approves all audit and permissible non-audit services provided by our independent registered public accounting firm. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent registered public accounting firm. Under the policy, pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget or limit. The Audit Committee may also pre-approve particular services on a case-by-case basis. The Chairman of the Audit Committee has the delegated authority from the Audit Committee to pre-approve a specified level of services, and such pre-approvals are then communicated to the full Audit Committee at its next scheduled meeting.

Our Audit Committee has determined that the non-audit services rendered by Ernst & Young LLP during fiscal 2005 and fiscal 2004 were compatible with maintaining the independence of Ernst & Young LLP.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee

The Compensation Committee of the Board, presently comprised of Mr. Hugo-Martinez and Mr. Day, reviews the performance of the executive officers and makes compensation decisions regarding the executive officers. The Compensation Committee generally seeks input from Mr. Sanghi when discussing the performance of, and compensation levels for, the executive officers other than Mr. Sanghi. Mr. Sanghi does not participate in deliberations relating to his own compensation.

Our Compensation Policy

Our compensation policy for officers and key employees is based on a "pay-for-performance" philosophy. This "pay-for-performance" philosophy emphasizes variable compensation, primarily by placing a large portion of pay at risk. We believe that this philosophy meets the following objectives:

- rewards performance that increases the value of our common stock
- attracts, retains, motivates and rewards individuals with competitive compensation opportunities
- aligns an executive's total compensation with our business objectives
- fosters a team environment among our management that focuses their energy on achieving our financial and performance objectives, consistent with Microchip's "guiding values"
- balances short-term and long-term strategic goals, and
- builds and encourages ownership of our common stock.

Decisions regarding cash and equity compensation also include subjective determinations and consideration of various factors with the weight given to a particular factor varying from time to time and in various individual cases, such as an executive's experience and tenure in the industry and the perceived value of the executive's position to Microchip as a whole.

We believe that the overall compensation levels for the executive officers in fiscal 2005 were consistent with our "pay-for-performance" philosophy and are commensurate with Microchip's fiscal 2005 performance.

Elements of Compensation

Our executive compensation program is currently comprised of four major elements:

- annual base salary
- incentive cash bonuses
- equity compensation, and
- compensation and employee benefits generally available to all Microchip employees.

Base Salaries. We review the base salaries of the executive officers each year. When setting base salaries, we review the performance objectives for Microchip as a whole, as well as the performance objectives for each of the individual officers relative to their respective areas of responsibility. We may also consider the salaries of executive officers in similar positions with comparably sized companies in the semiconductor industry. This review encompasses the objectives for both the immediately preceding fiscal year and the upcoming fiscal year. Performance objectives are initially developed by the individual officers, in conjunction with their respective operating units, and then discussed with and approved by the CEO to generate our quarterly operating objectives. The operating objectives are then reviewed and approved by the Board of Directors.

Based on industry conditions during the second half of fiscal 2005, base salaries for the executive officers did not increase in fiscal year 2005.

Incentive Cash Bonuses. Quarterly incentive cash bonuses may be payable to officers and key employees under the Management Incentive Compensation Plan, referred to as the “MICP.” The Compensation Committee may in its discretion approve quarterly payments under the MICP in conjunction with its review of our quarterly operating results. A bonus pool is established based on eligible individuals’ participation level and is predicated on Microchip’s quarterly operating results and various subjective determinations.

Consistent with our “pay-for-performance” philosophy, our CEO and executive officers received bonuses under the MICP during each quarter of fiscal 2005. For fiscal 2005, MICP bonus payments for executive officers other than the CEO ranged from \$70,567 to \$123,410.

Equity Compensation. Equity compensation, such as stock options, constitutes a significant portion of our incentive compensation program because we believe that officers and key employees should hold substantial, long-term equity stakes in Microchip to align their collective interests with your interests. We typically grant stock options to officers and key employees in connection with their initial employment and on an annual basis thereafter. Grants may also be made in connection with promotions, other changes in responsibilities or in recognition of other individual or Microchip developments or achievements. On March 31, 2005, approximately 62% of our employees worldwide held options to purchase our common stock.

In granting stock options to executive officers, we consider numerous factors, including:

- the individual’s position and responsibilities
- the individual’s future potential to influence our mid- and long-term growth
- the vesting schedule of the options awarded, and
- the number of options previously granted.

See the table under “*Option Grants in Last Fiscal Year*,” at page 18, below, for information regarding options to purchase common stock granted during fiscal 2005 to the CEO and each of the four other most highly compensated executive officers named in this proxy statement.

Other Compensation and Employee Benefits Generally Available to All Employees. We maintain compensation and employee benefits that are generally available to all Microchip employees, including:

- the employee stock purchase plan
- medical, dental and life insurance benefits
- a 401(k) retirement savings plan, and
- a cash bonus plan.

The cash bonus plan awards each eligible employee with up to two and one-half days of pay, based on base salary, every quarter, if certain operating profitability objectives are achieved. During fiscal 2005, bonus awards were paid out under such plan for each quarterly period. Under such program, for fiscal 2005 our executive officers, other than our CEO, received payments ranging from \$5,880 to \$8,239.

We also maintain a supplementary retirement plan for certain employees, including the CEO and the executive officers, who receive compensation in excess of the 401(k) contribution limits imposed under the Internal Revenue Code.

CEO Compensation

We use the same factors and criteria described above in making compensation decisions regarding the CEO. Mr. Sanghi's base salary was not changed during fiscal 2005 due to industry conditions during the second half of fiscal 2005.

In fiscal 2005, Mr. Sanghi earned an MICP bonus of \$1,045,540, and a cash bonus of \$17,112 based on the same factors described in "*Incentive Cash Bonuses*" at page 14.

During fiscal 2005, Mr. Sanghi was granted options to acquire 300,000 shares of common stock at a weighted average exercise price of \$26.66 per share. For additional information concerning these option grants, including vesting information, refer to the table under "*Option Grants in Last Fiscal Year*," at page 18, below. We determined that the amounts of the grants and the vesting terms provide an appropriate long-term incentive for Mr. Sanghi.

We believe that Mr. Sanghi's fiscal 2005 compensation was:

- consistent with our "pay-for-performance" philosophy
- commensurate with our fiscal 2005 operating objectives, and
- reasonable based on our overall performance in fiscal 2005 and our performance compared to the semiconductor industry as a whole.

Tax Code Concerns

Section 162(m) of the Internal Revenue Code disallows a corporate income tax deduction for executive compensation paid to senior executives in excess of \$1,000,000 per year, unless that income meets permitted exceptions. We anticipate that a substantial portion of each executive officer's compensation will be "qualified performance-based compensation," that is not limited under Internal Revenue Code Section 162(m). Therefore, we do not currently anticipate that any executive officer's compensation will exceed that limitation of deductibility in fiscal 2006. We intend to review the deductibility of executive compensation from time to time to determine whether any additional actions are advisable to maintain deductibility.

Conclusion

We believe that the executive team provided outstanding service to Microchip throughout fiscal 2005. We will work to assure that the executive compensation programs continue to meet Microchip's strategic goals as well as the overall objectives discussed in this Report.

- (1) Each stock option becomes exercisable over a one-year vesting period in 12 successive monthly installments commencing on March 31, 2008, and has a maximum term of 10 years from the date of grant. Vesting may be accelerated under certain circumstances in connection with an acquisition of Microchip or a change of control. The exercise price may be paid in cash, shares of common stock or through a cashless exercise procedure involving a same-day sale of the purchased shares.
- (2) Each stock option becomes exercisable over a two-year vesting period in 24 successive monthly installments commencing on July 21, 2005, and has a maximum term of 10 years from the date of grant. Vesting may be accelerated under certain circumstances in connection with an acquisition of Microchip or a change of control. The exercise price may be paid in cash, shares of common stock or through a cashless exercise procedure involving a same-day sale of the purchased shares.
- (3) No assurance can be given that the actual stock price appreciation over the 10-year option term will be at the assumed 5% or 10% levels or at any other defined level. The rates of appreciation are specified by the rules of the Securities and Exchange Commission and are for illustrative purposes only; they do not represent our estimate of future stock price. Unless the market price of the common stock does, in fact, appreciate over the option term, no value will be realized from the option grant. The exercise price of each of the options was equal to the closing sales price of the common stock as quoted on The NASDAQ National Market on the date of grant.

Equity Compensation Plans Not Approved by Stockholders

Microchip Technology Incorporated 1997 Nonstatutory Stock Option Plan.

In November 1997, our Board of Directors approved the Microchip 1997 Nonstatutory Stock Option Plan. Under our 1997 Plan, nonqualified stock options may be granted to our employees who are not officers or Directors of Microchip and to our consultants. The 1997 Plan was not submitted to our stockholders for approval because doing so was not required under applicable rules and regulations in effect at the time the plan was initially adopted or when it was amended. As of March 31, 2005, options to acquire 14,730,938 shares were outstanding under the 1997 Plan and no shares were available for future grant because this plan was replaced with our 2004 Equity Incentive Plan for future grants.

The expiration date, maximum number of shares purchasable and other provisions of options granted under the 1997 Plan, including vesting provisions, were established at the time of grant by either the Compensation Committee or the employee committee appointed by the Board of Directors, provided that the exercise price of an option may not be less than the fair market value of our common stock on the date of grant and no option may have a term of more than 10 years. If Microchip is acquired by merger, consolidation or asset sale, each outstanding option that is not assumed by the successor corporation or otherwise replaced with a comparable option will automatically accelerate and vest in full. In connection with a change of control of Microchip by tender offer or proxy contest for board membership, our Board of Directors can accelerate outstanding options. Our Board of Directors or Compensation Committee may amend or terminate the 1997 Plan without stockholder approval, but no amendment or termination of the 1997 Plan may adversely affect any award previously granted under the 1997 Plan without the written consent of the stock option holder.

Microchip 1994 International Employee Stock Purchase Plan (IESPP).

In June 1994, our Board of Directors adopted our IESPP to provide eligible employees of non-U.S. subsidiaries of Microchip the opportunity to acquire shares of our common stock through payroll deductions in the currency in which they are paid. Prior to our 2004 annual meeting in August 2004, the IESPP had not been submitted to our stockholders for approval because doing so was not required under applicable rules and regulations in effect at the time the plan was initially adopted or when it was earlier amended. At our 2004 annual meeting, our stockholders approved the addition of 100,000 shares of common stock to the IESPP. As of March 31, 2005, 116,339 shares of our common stock are available for purchase through this plan.

Employment Contracts, Termination of Employment and Change of Control Arrangements

We do not have employment contracts with our CEO or any of the four other most highly compensated executive officers named in this proxy statement.

Our CEO and certain of the other most highly compensated executive officers named in this proxy statement have entered into an Executive Officer Severance Agreement. These agreements provide for the automatic acceleration of vesting and exercisability of all unvested stock options upon the first to occur of any of the following events:

- as of the date immediately preceding a change of control in the event any such stock options are or will be terminated or canceled (except by mutual consent) or any successor to Microchip fails to assume and agree to perform all such stock option agreements at or prior to such time as any such person becomes a successor to Microchip, or
- as of the date immediately preceding such change in control, if the executive does not or will not receive upon exercise of such executive's stock purchase rights under any such stock option agreement the same identical securities and/or other consideration as is received by all other stockholders in any merger, consolidation, sale, exchange or similar transaction occurring upon or after such change of control, or

- as of the date immediately preceding any involuntary termination of such executive occurring upon or after any such change of control, or
- as of the date six months following the first such change of control, provided that the executive shall have remained an employee of Microchip continuously throughout such six-month period.

STOCK OWNERSHIP GUIDELINES FOR KEY EMPLOYEES AND DIRECTORS

To help ensure alignment of the interests of our management and Directors with those of our stockholders, we have put in place a stock holding policy that applies to each member of our management and Board of Directors. This policy was proposed by the Nominating and Governance Committee and ratified by our Board at its October 24, 2003 meeting. Under this policy, effective April 1, 2004, each of our Directors, executive officers, vice presidents and internal director-level employees must maintain a specified minimum level of ownership of our stock during their tenure in their respective office or position. As of March 31, 2005, all persons subject to this policy were in compliance with its terms.

CODE OF ETHICS

We have adopted a code of ethics for our Directors, officers (including our principal executive officer and principal financial officer) and employees. A copy of the code of ethics is available on our website at the Investor Relations section under Mission Statement/Corporate Governance on www.microchip.com.

We intend to post on our website any amendment to, or waiver from, a provision of our codes of ethics within five business days following the date of such amendment or waiver or such other time period required by SEC rules.

OTHER MATTERS

Other Matters to be Presented at the Annual Meeting

At the date this proxy statement went to press, we did not anticipate that any other matters would be raised at the annual meeting.

Requirements, Including Deadlines, for Receipt of Stockholder Proposals for the 2006 Annual Meeting of Stockholders; Discretionary Authority to Vote on Stockholder Proposals

Under SEC rules, if a stockholder wants us to include a proposal in our proxy statement and form of proxy for the 2006 annual meeting, our Secretary must receive the proposal at our principal executive offices by March 13, 2006. Stockholders interested in submitting such a proposal are advised to contact knowledgeable counsel with regard to the detailed requirements of applicable securities laws. The submission of a stockholder proposal does not guarantee that it will be included in our proxy statement.

Under our Bylaws, stockholders must follow certain procedures to nominate a person for election as a Director or to introduce an item of business at our annual meeting. Under these procedures, stockholders must submit the proposed nominee or item of business by delivering a notice addressed to the Secretary of Microchip at our principal executive offices. We must receive notice as follows:

- Normally we must receive notice of a stockholder's intention to introduce a nomination or proposed item of business for an annual meeting not less than 90 days before the first anniversary of the date on which we first mailed our proxy statement to stockholders in connection with the previous year's annual meeting of stockholders. Accordingly, a stockholder who intends to submit a nomination or proposal for our 2006 annual meeting must do so no later than April 12, 2006.

- However, if we hold our 2006 annual meeting on a date that is not within 30 days before or after the anniversary date of our 2005 annual meeting, we must receive the notice no later than the close of business on the later of the 90th day prior to our 2006 annual meeting or the 10th day following the day on which public announcement of the date of such annual meeting is first made.
- A stockholder's submission must include certain specified information concerning the proposal or nominee, as the case may be, and information as to the stockholder's ownership of our common stock. Proposals or nominations not meeting these requirements will not be considered at our 2006 annual meeting.
- If a stockholder does not comply with the requirements of this advance notice provision, the proxies may exercise discretionary voting authority under proxies it solicits to vote in accordance with its best judgment on any such proposal or nomination submitted by a stockholder.

To make any submission or to obtain additional information as to the proper form and content of submissions, stockholders should contact Microchip's Secretary in writing at 2355 West Chandler Boulevard, Chandler, Arizona 85224-6199.

Householding of Annual Meeting Materials

Some brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of our proxy statement and annual report may have been sent to multiple stockholders in a stockholder's household. Additionally, you may have notified us that multiple stockholders share an address and thus you requested to receive only one copy of our proxy statement and annual report. While our proxy statement and 2005 Annual Report are available online (see *Electronic Access to Proxy Statement and Annual Report* on page 3), we will promptly deliver a separate copy of either document to any stockholder who contacts our investor relations department at 480-792-7761 or by mail addressed to Investor Relations, Microchip Technology Incorporated, 2355 West Chandler Boulevard, Chandler, Arizona 85224-6199, requesting such copies. If a stockholder is receiving multiple copies of our proxy statement and annual report at the stockholder's household and would like to receive a single copy of the proxy statement and annual report for a stockholder's household in the future, stockholders should contact their broker, or other nominee record holder to request mailing of a single copy of the proxy statement and annual report. Stockholders receiving multiple copies of these documents directly from Microchip who would like to receive single copies in the future should contact our investor relations department to make such a request.

Date of Proxy Statement

The date of this proxy statement is July 11, 2005.
