Subject: Welcome to Microchip!

Today Microchip Technology announced the signing of a definitive agreement to acquire Microsemi in a transaction that values Microsemi at \$68.78/share. The transaction is subject to the approval of shareholders of Microsemi, regulatory approvals and customary closing conditions. We expect the transaction to close in the second calendar quarter of 2018.

We are excited by the business possibilities created by the Microsemi acquisition, and we would like to take this opportunity to warmly welcome you all to the Microchip family! One of our guiding values is that employees are our greatest strength, and we look forward to the Microsemi team being part of that strength.

Microchip is a leading provider of embedded control solutions through our Microcontroller, Mixed-Signal, Analog, Wired and Wireless connectivity, Security, Timing, Flash IP and Memory product lines. Microchip is a ~\$4B revenue company headquartered in Chandler, Arizona with locations around the world. This acquisition adds Microsemi's strong portfolio of Specialized Ethernet, Storage and Optical Networking Microcontrollers, FPGA, Wireless, Timing, Analog and Mixed-Signal products to Microchip. Microsemi also increases Microchip's exposure to the Datacenter, Communications Infrastructure, Defense and Aerospace end markets. These end markets have typically been smaller sections of Microchip's business which is dominated by Industrial, Automotive and Consumer end markets. We believe the complementary product lines, and complementary end market exposure, of Microchip and Microsemi will offer our combined customers a broader range of innovative solutions to serve their needs. Together we believe Microchip and Microsemi can win more applications, more customers and more product content with each customer than what each of us could achieve individually. We are looking forward to working with the Microsemi team to build an even more powerful set of solutions that customers will find to be innovative and competitive.

We will be in Aliso Viejo, California on March 5th hosting meetings with the management team of Microsemi and other Microsemi employees as a first introduction of Microchip to you. There will be a worldwide employee communication meeting hosted from Aliso Viejo at 8:00AM Pacific Standard Time on March 5th. Other Microchip team members will also start the process of visiting Microsemi locations and getting to know more of the team and operations in the weeks to come. Over the next few months we will be working closely with Microsemi leaders worldwide to develop joint plans for how we can operate even more effectively as one company after the acquisition is completed.

Meanwhile, please continue to stay focused on executing your plans and achieving the results we will build on together after the acquisition is completed. We will provide periodic communication so that you stay informed. We look forward to the future as we bring our two innovative and successful companies together.

Best wishes and welcome to Microchip!

Cautionary Statement:

Statements about the expected timing, completion, benefits and effects of the proposed transaction, and other statements in this letter that are not historical facts, are forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These statements involve risks and uncertainties that could cause actual results to differ materially, including, but not limited to the actual timing of the closing of the acquisition, the satisfaction of the conditions to closing in the acquisition agreement, any termination of the acquisition agreement, the effect of the acquisition on Microchip's and Microsemi's existing relationships with customers and vendors and their operating results and businesses; the costs and outcome of any litigation involving Microchip, Microsemi or the acquisition transaction; general economic, industry or political conditions in the U.S. or internationally; and the risks described from time to time in SEC reports including filings on Forms 10-K, 10-Q and 8-K. You can obtain copies of such Forms 10-K, 10-Q and 8-K and other relevant documents for free, as applicable, at Microchip's website (www.microchip.com), at Microsemi's website (www.microsemi.com), the SEC's website (www.sec.gov) or from commercial document retrieval services. You are cautioned not to place undue reliance on our forward-looking statements, which speak only as of the date such statements are made. We do not undertake any obligation to publicly update any forward-looking statements to reflect events, circumstances or new information after the date hereof.
