MICROCHIP TECHNOLOGY REAFFIRMS FINANCIAL GUIDANCE FOR THIRD QUARTER FISCAL 2018

CHANDLER, Arizona – November 28, 2017 - (NASDAQ: MCHP) – Microchip Technology Incorporated, a leading provider of microcontroller, mixed signal, analog and Flash-IP solutions, today reaffirmed its financial guidance provided in its November 6, 2017 earnings press release and currently expects net sales of between \$971.7 million and \$1,012.1 million, non-GAAP earnings per diluted share of \$1.30 to \$1.40 and GAAP earnings per diluted share of \$0.73 to \$0.81 for the December quarter.

“The December 2017 quarter is tracking towards our guidance provided on November 6, 2017,” said Steve Sanghi, Microchip’s CEO. “We continue to execute on the various initiatives that we expect will lead us to achieve our growth and long-term operating model goals.”

There will be no conference call associated with this press release. Microchip is presenting at the Credit Suisse 21st Annual Technology, Media & Telecom Conference tomorrow, Wednesday, November 29, 2017 at 9:00 a.m. (Mountain). A live webcast and replay of this presentation will be available at www.microchip.com.

Cautionary Statement:

The statements in this release relating to our expected net sales and GAAP and non-GAAP earnings per share for the December quarter, the December quarter tracking towards our prior guidance, continuing to execute on the various initiatives that we expect will lead us to achieve our growth and long-term operating model goals are forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These statements involve risks and uncertainties that could cause our actual results to differ materially, including, but not limited to: any economic uncertainty due to monetary policy, political or other issues in the U.S. or internationally, any unexpected fluctuations or weakness in the U.S. and global economies (including China), changes in demand or market acceptance of our products and the products of our customers; foreign currency effects on our business; the mix of inventory we hold and our ability to satisfy short-term orders from our inventory; changes in utilization of our manufacturing capacity and our ability to effectively manage and expand our production levels in response to actual and anticipated customer demand; our ability to continue to

obtain a sufficient supply of wafers from third party wafer foundries and the cost of such wafers, competitive developments including pricing pressures; the level of orders that are received and can be shipped in a quarter; the level of sell-through of our products through distribution; changes or fluctuations in customer order patterns and seasonality; our ability to continue to successfully integrate the operations and employees, retain key employees and otherwise realize the expected synergies and benefits of our acquisitions; the impact of any other significant acquisitions that we may make; changes in U.S. corporate tax laws as a result of currently proposed or future legislation; the costs and outcome of any current or future tax audit or any litigation or disputes involving intellectual property, customers or other issues; our actual average stock price in the December 2017 quarter and the impact such price will have on our share count; disruptions in our business or the businesses of our customers or suppliers due to natural disasters (including any floods in Thailand), terrorist activity, armed conflict, war, worldwide oil prices and supply, public health concerns or disruptions in the transportation system; and general economic, industry or political conditions in the United States or internationally. For a detailed discussion of these and other risk factors, please refer to Microchip's filings on Forms 10-K and 10-Q. You can obtain copies of Forms 10-K and 10-Q and other relevant documents for free at Microchip's website (www.microchip.com) or the SEC's website (www.sec.gov) or from commercial document retrieval services.

Stockholders of Microchip are cautioned not to place undue reliance on our forward-looking statements, which speak only as of the date such statements are made. Microchip does not undertake any obligation to publicly update any forward-looking statements to reflect events, circumstances or new information after this November 28, 2017 press release, or to reflect the occurrence of unanticipated events.
