**MICROCHIP TECHNOLOGY DECLARES QUARTERLY  
CASH DIVIDEND OF 34.7 CENTS PER SHARE**

Chandler, Arizona – August 4, 2011 – (NASDAQ: MCHP) – Microchip Technology Incorporated, a leading provider of microcontroller, analog and Flash-IP solutions, today announced that its Board of Directors has declared a quarterly cash dividend on its common stock of 34.7 cents per share. The dividend is payable on September 1, 2011 to stockholders of record on August 18, 2011. Microchip initiated quarterly cash dividend payments in the third quarter of fiscal year 2003.

“The cash flow characteristics of Microchip’s business remain strong, and we ended the June 2011 quarter with \$1.72 billion in cash and investments on the balance sheet.” said Steve Sanghi, President and CEO. “The Board of Directors is pleased to announce Microchip’s quarterly dividend payment and continues to view this as an important factor in how we deliver value to our stockholders.”

**Cautionary Statement:**

The statements contained in this release relating to cash flow characteristics of our business remaining strong and how we deliver value to our stockholders are forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. This statement involves risks and uncertainties that could cause actual results to differ materially, including, but not limited to: actual cash flows generated from and used in the operation of our business; actual or projected levels of capital expenditures; our balance of cash and investments; changes in demand or market acceptance of our products and the products of our customers; the mix of inventory we hold and our ability to satisfy short-term orders from our inventory; changes in utilization of our manufacturing capacity and our ability to effectively manage our production levels; our ability to control the level of operating expenses relative to our level of revenues, competitive developments including pricing pressures; the level of orders that are received and can be shipped in a quarter; the level of sell-through of our products through distribution; changes or fluctuations in customer order patterns and seasonality; costs and outcome of any current or
